DISCHARGE INSTRUCTIONS
PROCEDURES WITH IV CONTRAST

Thank you for using Northside Hospital Imaging Services.

The IV contrast is filtered out through your kidneys and will be released with your urine. Please drink fluids to help flush the contrast out of your body. Return to normal activity.

Your referring physician will be receiving the report of today's exam within 48 hrs. Please allow an adequate amount of time for your doctor to review your results.

In our effort to serve you better, you may receive a survey regarding your thoughts on today's visit. Your feedback is important to us!
