

NORTHSIDE HOSPITAL CANCER INSTITUTE

2018 Skin Cancer Screenings

Another Community Service Program of Northside Hospital Cancer Institute

The Northside Hospital Cancer Institute invites you and your family to attend one of our many skin cancer screenings offered throughout the year at several convenient locations. Our mission is to detect skin cancer early and raise awareness about melanoma, the deadliest form of skin cancer. Screenings take place in a private setting and consist of a brief skin assessment by a medical professional. Exposed areas such as your face, arms, hands, neck and feet will be examined.

Screening Date	Time	Location	Registration Opens
Thurs., March 22, 2018	6 - 8 p. m.	Northside Hospital Forsyth Cumming, GA	February 5, 2018
Thurs., April 19, 2018	6 - 8 p. m.	Northside Hospital Cherokee Canton, GA	March 5, 2018
Thurs., June 14, 2018	6 - 8 p. m.	Northside/Alpharetta Medical Campus Alpharetta, GA	April 30, 2018
Thurs., July 19, 2018	6 - 8 p. m.	Northside Hospital Forsyth Cumming, GA	June 4, 2018
Thurs., September 27, 2018	6 - 8 p. m.	Northside Hospital Atlanta Atlanta, GA	August 13, 2018

These screenings should not replace or be a substitute for a yearly exam with your dermatologist.

You must be 18 years of age or older to participate in this skin screening.
Recommended Screening Attire: Shorts and T-shirt.

To schedule an appointment, please call 404-531-4444
