

2017 Breast Cancer Screenings

Another Community Service Program of Northside Hospital Cancer Institute

As a leader in women’s healthcare, Northside Hospital’s Cancer Institute provides mammograms and breast diagnostic services for women who meet specific eligibility requirements. To better serve you, we have imaging centers located throughout Atlanta. Additionally, our ScreenAtlanta mobile mammography van visits more than twenty different sites throughout the metro-Atlanta area on a monthly basis.

Eligibility:

- Must live in Georgia
- Must be uninsured (no insurance)
- Must be 40+ to receive a screening mammogram (or younger if medically indicated by a physician)
- Must meet income requirements
- Must have a written order from your physician

For additional information or to determine if you meet eligibility requirements, contact Northside’s ScreenAtlanta office at (770) 667-4400.

The Northside Hospital Cancer Institute gratefully acknowledges the generosity of the following organizations for their support of this project:
