

Dear Patient:

I am writing to thank the patients who have supported my practice at Internal Medicine of East Cobb. Effective **February 4, 2022**, I will no longer be with this practice.

There are physicians under Northside Hospital auspices that will be available to address your ongoing care, including Dr. Brian Nadolne at East Cobb Family Practice who will be moving to my current office suite. Dr. Charles Cohn is an excellent internist in Sandy Springs at Mount Vernon Internal Medicine. The addresses and telephone numbers for these two practice follow.

I have always put my patients first and hope to serve them in the future with integrity. The physician practices noted are:
