REHABILITATION SERVICES

# Amputee Support Group

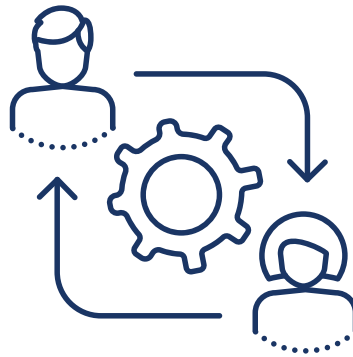

---

This group was established to help individuals thrive after limb loss. Support is offered to amputees of all levels and abilities and their families. The group meets once a month to share experiences, advice, friendship and encouragement to promote healthy and active lifestyles. Education on topics related to individuals living with limb loss will be provided by health care providers and others that are living with the same loss.

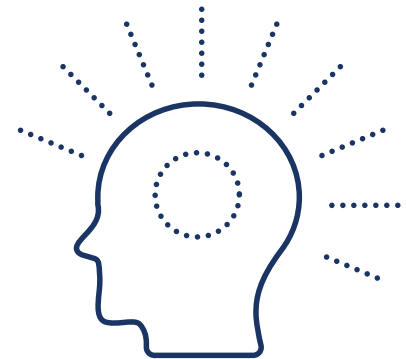

The group meets the third Tuesday of each month at 6:00pm on the Northside Hospital Forsyth campus at the Outpatient Rehabilitation Department which is located at 2000 Howard Fam Drive, Suite 120, Cumming, GA 30041.
